Zyxel-imut iseraanni taava Configuration tuussooq:

The screenshot shows the Zyxel LTE5366 web interface. At the top, there's a navigation bar with tabs: LTE5366 (selected), Status, Monitor, Configuration, and Management. A large green arrow points from the text above to the Configuration tab. Below the tabs, there's a sidebar labeled 'System' with several items listed. The main content area is titled 'Device Information' and contains a table with the following data:

Item	Data
Host Name:	LTE5366
Model Number:	LTE5366
Firmware Version:	V1.00(ABKA.0)C0
WAN Information:	

Taassuma kingunerani Management toorneqassooq:

The screenshot shows the LTE5366 device's management interface. At the top, there are tabs for Status, Monitor, and Configuration. The Configuration tab is active, displaying a sidebar with categories: Network, Security, Application, and Management. The Management category is expanded, revealing sub-options: Remote MGMT, Bandwidth MGMT, UPnP, and TR069. A green arrow points from the 'Management' category in the sidebar to the 'Management WAN Entries' section. The 'Management WAN Entries' section contains a table with two rows: WAN-1 (3G/4G, Ethernet) and WAN-2 (3G/4G, Ethernet). The table has columns for Interface Name and Physical Interface.

Interface Name	Physical Interface
WAN-1	3G/4G
WAN-2	Ethernet

Taassumalu kingunerani TR069 toorneqassooq aamma:

This screenshot shows the Application section of the configuration menu. It includes options for Remote MGMT, Bandwidth MGMT, UPnP, and TR069. A green arrow points from the 'Management' category in the main sidebar to the 'TR069' option in this list.

Ukua marluk TR069 aamma Inform Enable-mut ilissapput:

This screenshot shows the TR069 configuration page. It includes fields for TR069 (with radio buttons for Enable and Disable), Inform (with radio buttons for Enable and Disable), Inform Interval (set to 86400), ACS URL, ACS Username, ACS Password, ConnectionRequest Port (set to 51005), Connection Request Username, Connection Request Password, and Interface (set to 3G/4G). Two green arrows point to the 'Inform' field and the 'Inform Interval' field.

Imatullu isikkoqassalluni:

TR069 :	<input checked="" type="radio"/> Enable	<input type="radio"/> Disable
Inform :	<input checked="" type="radio"/> Enable	<input type="radio"/> Disable
Inform Interval :	86400	
ACS URL :
