

## **APPENDIX 1.1 DEFINITIONS**

<b>TERM</b>	<b>DEFINITION</b>
<b>Acceptance Tests</b>	the various acceptance tests of the Vessel and the Equipment pursuant to Appendix 2.2 (Route Survey Requirements)
<b>Completion Date</b>	Cf. Clause [7.1]
<b>Confidential Information</b>	<p>In respect of Tusass: the Survey Results and any and all information disclosed to Contractor in connection with Tusass' request for quotation process, negotiation, execution, and performance of the Contract.</p> <p>In respect of Contractor: such information which Contractor discloses to Tusass, provided that the information has been explicitly designated as confidential in writing.</p>
<b>Contract</b>	cf. page 4 of the Master Terms.
<b>Contract Variation</b>	any modification of the Contract, whether by way of additions, deletions or changes thereto made in accordance with the clause thereon in the Master Terms.
<b>Contractor Project Manager</b>	cf. the Master Terms
<b>Contractor Representative</b>	cf. Appendix 5.1 (Governance)
<b>Contractor's Staff or Staff</b>	the Contractor's staff engaged in the performance of the Works.
<b>Daily Meeting</b>	cf. Appendix 2.2
<b>Daily Reports</b>	cf. Appendix 2.2
<b>Day or day</b>	a calendar day - consequently, any time limit stipulated e.g. as "a notice within X number of Days" from a specific event shall be construed as excluding the day of the specific event, and counting from the following calendar day until and including the Xth calendar day, insofar that the notice must be given/received as applicable, by the end of the Xth calendar day.
<b>Deep Water Survey</b>	cf. Appendix 2.2
<b>De-mobilisation</b>	the date and time when Purchaser's Representative(s) determine that data acquisition for the entire route has been completed.

<b>De-mobilisation Meeting</b>	cf. Appendix 5.1 (Governance)
<b>Effective Date</b>	cf. the Master Terms
<b>Equipment</b>	All equipment, including hardware and software, used to perform the Work, including equipment used on or from the Vessel to perform the Survey and equipment used to produce the Survey Results.
<b>Good Industry Practices</b>	good industry practices in Europe in the field of marine route surveys.
<b>Ice-pilot</b>	
<b>Laws</b>	any applicable law anywhere in the world as amended from time to time, including statutes, bye-laws, regulations, orders, regulatory policies, guidance or industry codes, directives or requirements of any competent regulatory body, delegated or subordinate legislation or notice of any competent regulatory body.
<b>Local Involvement</b>	Contractor's use of local subcontractors and/or direct hired local workforce.
<b>marine route survey or Marine Route Survey</b>	cf. the Master Terms Clause 1.1.
<b>Master Terms</b>	The main body of the Contract, i.e. excluding its appendices
<b>Mobilisation</b>	Mobilisation shall be deemed completed after the Vessel has arrived on site as designated by the Purchaser and all Acceptance Tests and calibrations have been completed.
<b>Mobilisation Meeting</b>	the meeting to be held between Purchaser and Contractor prior to Mobilisation as described in Appendix 5.1 (Governance).
<b>Project Meetings</b>	cf. Appendix 5.1 (Governance)
<b>Purchaser Project Manager</b>	cf. Appendix 5.1 (Governance)
<b>Purchaser Representative</b>	cf. the Master Terms
<b>Route Positions</b>	the route positions specified in Appendix 2.1 (Route Position Lists <b>Fejl! Henvisningskilde ikke fundet.</b> ).

<b>Segments</b>	the segments and subsegments defined in Appendix 2.2 (Route Survey Requirements).
<b>Shallow Water Survey</b>	cf. Appendix 2.2
<b>Submarine Cables</b>	cf. the Master Terms
<b>Survey</b>	Work performed offshore pertaining to the Segments, including but not limited to measurement, study and investigation of the bathymetry, seabed features and shallow geology along the proposed route of the submarine cable.
<b>Survey Area</b>	cf. Appendix 2.2.
<b>Survey Charts</b>	a series of charts of data acquired during the Survey, including the preliminary and the final survey charts.
<b>Survey Data</b>	the data acquired during the Survey.
<b>Survey Plan of Work</b>	the detailed programme of conducting the Route Survey as outlined in Appendix 3.1 (Survey Plan of Work).
<b>Survey Report</b>	The narrative report describing the results of the Survey, including the preliminary and final survey report.
<b>Survey Requirements</b>	the requirements to the performance of the Work and the Survey Results as set out in Appendix 2 (Requirements to Route Survey) as may have been detailed in Appendix 3 (Survey Solution), with the deviations to Appendix 2 (Requirements to Route Survey) set out in Appendix 1.2 (Agreed Deviations) only, and the requirements set out elsewhere in the Contract, including the Master Terms.
<b>Survey Results</b>	the Survey Data, Survey Charts and Survey Report.
<b>Survey Specifications</b>	cf. Appendix 2.2
<b>Survey Spread</b>	the Vessel and the Equipment.
<b>Technical Downtime</b>	downtime where Contractor is not able to use the Vessel and/or Equipment to perform the Work
<b>Total Contract Sum</b>	shall have the meaning set out in Appendix 4.1 (Pricing, Payment Plan, and Invoicing)

<b>Vessel</b>	the Vessel as set out in Appendix 3.3
<b>Weather Downtime</b>	Time during which it is not possible to perform the Work, including acquisition of data in a quality as required in the Survey Requirements, due to metocean conditions, including but not limited to wind, wave and currents.
<b>Work</b>	all activities, services, and facilities to be carried out or provided by Contractor for performing this Contract.
