

# **PUBLIC LICITATION**

## **Radio Chain Extension Ilulissat-Uummanaq**

Tusass hereby offers the dismantling of existing installations and the construction of new installations for the radio chain stations between Ilulissat and Uummanaq, Avannaata Kommunia.

The expansion consists of dismantling satellite dishes with supply waveguides, construction of new satellite dishes, feeding and installation of new waveguides incl. mounting of connectors and marking, connection of waveguides to existing dehydrators, installation of radio chain rack incl. connection to electricity and uninstallation of old radio chain rack.

In addition, antenna panning of all listed satellite dishes must be performed and assistance must be provided with the preparation and handling of helicopter slings.

The work is tendered in the main contract and the most economically advantageous tender is awarded.

The work is scheduled to begin in mid-July 2022 and is expected to be delivered by the end of September 2022.

The tender material can be ordered from Telling Consult by sending an email to: [john@tellingconsult.gl](mailto:john@tellingconsult.gl) from June 24<sup>th</sup>, 2022. The material will be sent by mail to the bidders shortly thereafter.

**The tender will take place on Friday July 8<sup>th</sup>, 2022.**

The time and place will be stated in the tender letter.
